DECISION

2 56 LUCAS ROAD, EAST HILLS: DEMOLOITION OF EXISTING STRUCTURES AND CONSTRUCTION OF A NEW TWO STOREY DWELLING, INGROUND SWIMMING POOL AND OUTBUILDING.

Site Visit
An inspection of the site was undertaken by the Panel and staff members prior to the public hearing.

Public Addresses
The following people addressed the meeting in relation to this item:
• Kristy Bova (Applicant/Owner)

Assessment Report
The Panel notes that as the applicant is a staff member, an independent consultant town planner Mr Jeremy Swan was engaged and prepared the assessment report.

Panel Assessment
Mr Ian Stromborg was the community Panel member present for the deliberation and voting for this matter.

The Panel agrees with the report and the proposed approval of the application.

In relation to the Clause 4.6 variation the Panel is satisfied under Clause 4.6(4) that the applicant’s written request has adequately addressed the matters in Clause 4.6(3) and that the proposed development will be in the public interest being consistent with the objectives for the standard and the objectives of the zone.
The applicant requested that:

(a) proposed condition 1 be deleted which imposes a 1.5 metre sill height requirement on the North Eastern bedroom 2 window,
(b) certain plans be deleted from, the list of plans in Condition 2,
(c) the schedule of finishes be excluded from Condition 2.

The Panel is of the opinion that the disputed sill height should be 1.5 metres noting that the property adjoining to the North has potential for redevelopment which is likely to be two storeys. Further, the sill heights of the other upper storey windows on the Northern elevation are also all 1.5 metres.

The Panel notes that there is an inconsistency in plans for the window area on the North East corner on the second floor as between the floor plan and the East/North elevations.

The Panel has assumed that the North and East elevations show the correct window design and the floor plan should be amended to reflect the East and North elevations with the 1.5 metre sill height prior to the issue of the Construction Certificate.

The Panel agrees that the Site Analysis Plan (drawing 1) and the Shadow Diagrams Plan (drawing 16-18) should be removed from Condition 2.

Finally the Panel is of the opinion that the Schedule of Finishes Plan (drawing 21) should be part of Condition 1, noting that the wording of the Finishes schedule refers to “or similar” and the Panel agrees that a similar notation could be placed on the colour of the silver garage door colour (Item 9 of the Schedule of Finishes).

**CBLPP Determination**

THAT Development Application DA-447/2019 RE: Demolition of existing structures and construction of a new two storey dwelling, inground swimming pool and outbuilding be **APPROVED** in accordance with the Independent Town Planning Consultant report recommendations, subject to the following changes to the recommended conditions:

- Condition 2: Remove drawing plans 1, 16, 17 and 18. Finishes schedule to remain in the Condition but amend to include “or similar” for the garage door.
- Condition 3: To be amended to include at the end of the condition – for the window North “Second Floor plan to be amended to match the Eastern and the Northern elevation plans prior to the issue of the Construction Certificate.”

**Vote:** 4 – 0 in favour

The meeting closed at 6:05pm.
