1  33 IAN CRESCENT, CHESTER HILL: USE OF THE EXISTING OUTBUILDING AS A SECONDARY DWELLING AND ASSOCIATED FITOUT

Site Visit

Public Addresses
There was no public addresses for this item.

Panel Assessment
Ms Inaam Tabbaa was the community Panel member present for the deliberation and voting for this matter.

1. The Panel considered that the amenity of the proposed and existing dwellings could be significantly improved with some re-design.

2. The Panel considered that a better outcome would be achieved by making the following design amendments:
   (a) Re-arranging the internal layout of the proposed dwelling.
   (b) Connecting the existing grassed private open space area in the north western corner with the living area of the proposed dwelling (with such living area being relocated).
   (c) Locating the living area so that it achieves the required solar access requirement specified by clause 3.13. of the Bankstown DCP 2015.
   (d) Addressing the privacy between the existing dwelling and the proposed dwelling through suitable screens or other privacy measures including additional landscaping.
   (e) Locating the pool pump so that it is further away from the proposed dwelling and suitably enclosed to minimise acoustic impacts.
   (f) Re-locating (or undergrounding) the proposed rain water tank.
   (g) Improving the pedestrian access arrangements to the proposed dwelling.

3. The Panel was of the view that the proposed contravention of the development standard (being 1.9m above the 3m wall height maximum) was acceptable in principle; the written request was adequate; and compliance would be unreasonable in light of it being an existing wall and having no additional impacts on adjoining land.

CBLPP Determination
That Development Application DA-856/2018 Re: Use of the existing building as a secondary dwelling and associated fitout be DEFERRED for the Applicant to submit amended plans.

Vote:  4 – 0 in favour

The meeting closed at 6.45 p.m.
